LONDON
METROPOLITAN
NETWORK

What is LMN?

- ? **LMN operates a gigabit network for education in London**
- ? **LMN is a not for profit company owned by the member institutions**
- ? **LMN member are the very large majority of all the Higher and Further education institutions in London**
- ? **LMN already offers a range of value added services over the network**
- ? **LMN uses a collaborative and aggregated approach to achieve best Value For Money for its members**

IT as an enabler in education

- **Importance of e-learning and research grids**
- **Learning is now a 24-by-7 activity and students are now our customers**
- **Reliable email filtering is no longer a luxury**
- **Facilitates innovative (e.g. interactive) learning**
- **Our raison d'être is to support teaching, learning and research**
