19th November 2008

Dear Colleague,

LMN IT Directors Forum

I would like to invite you to attend the LMN IT Directors' Forum on 10th December. This is a meeting for the IT Directors, or their equivalent, from members and associate members of the LMN. I will be chairing the event which will take place from 2.00pm onwards at Royal Over-Seas League, Park Place, St James's Street, London SW1A 1LR.

We have created an agenda which is focused on Greening ICT. The enclosed Agenda sets out the format of the meeting and there are sessions from Mr. Tom Watson MP who will present a keynote speech on Green ICT. Professor Peter James will lead a session on the 'Sustain IT' project between JISC and Bradford University.

As part of the LMN's commitment to serving its membership with relevant and high quality events, you will have an opportunity to shape future forums. We might expand this to cover other areas of shared interest and in particular look at our activities with common suppliers. Finally, we plan to ask you to discuss ideas for future London-wide activity: what is your electric bill, how much has it gone up this year, what is your top action to reduce this?

I do hope you will be able to find time in what are busy diaries to attend the meeting. Please let me know in advance if there are other items that you think should be on the agenda.

Yours sincerely,

Roger James
